Fee: £500 (£425 earlybird fee if booked before 9 June 2017)

Venue: Tavistock Centre, London

Book online: www.tavistockandportman.nhs.uk/cpd58

We are pleased to announce the sixth bi-annual short course taking place at The Tavistock and Portman NHS Foundation Trust in summer 2017.

This four day course aims to support professionals working in perinatal and early year's services. It offers a psychoanalytically-informed model of clinical practice and explores developments in relevant research and service provision. The programme includes plenary lectures, live supervision and panel discussion. There will also be parallel presentations and workshops representing a range of services and parent/child interventions which delegates can attend according to their own particular interests. Daily small groups, facilitated by experienced child psychotherapists, ensure that every participant has an opportunity to bring an aspect of their own work for discussion.

Keynote Speakers include:

Amanda Jones, *Consultant Perinatal Psychotherapist*

"The perinatal period: a precious but precarious time for parents and babies."

Lisa Miller, *Consultant Child and Adolescent Psychotherapist*

"The effect of trauma in infancy and early childhood on later development."

Margaret Rustin, *Consultant Child and Adolescent Psychotherapist*

"Creative responses to compromised beginnings in life: how to support families struggling with unforeseen early difficulties"

Biddy Youell, *Consultant Child and Adolescent Psychotherapist*

"The Tavistock model of brief work with Under Fives. A treatment manual." A presentation and panel discussion.

Group leaders and workshop presenters include:-

Dilys Daws, Hilary Stonebridge, Katy Dearnley, Marie-Anje Widdershoven, Sarah Gustavus Jones, Effie Layiou Lignos, Chrysoula Ekizoglou, Beverley Tydeman

The course will be conducted in English, although a significant number of colleagues attend from abroad as well as from the UK.
